TO: Deborah McKinley		FROM: Glen Yager		
SUBJECT Cornhusker Army Ammunition Plant, Grand Island, Nebraska				
SUMMARY OF COMMUNICATION <p>Glen called to say he had received a call from Charlie Fischer late yesterday afternoon. He told Glen that the USATHAMA had detected low levels of RDX and TNT in three drinking water wells and one irrigation well off-site. The Army had issued a press release that day on the results. He also told Glen that the Army wished to meet with EPA and NDEC in the near future to discuss the results. I asked Glen if they had set a date. Glen said they had not, but that Charlie would inform him when a date had been set. Glen will keep me informed. He also said we were to receive a copy of the report of the testing of the off-site wells.</p> <div style="text-align: right; margin-top: 20px;"> <div style="border: 1px solid black; padding: 5px; display: inline-block;"> 073W  55 44076 SUPERFUND RECORDS 0U-00 4/19/83 </div> </div>
